

PRESS RELEASE

Agile Systems Inc. Elects New Directors

Waterloo, ON, July 7, 2006 - Agile Systems, a global leader in the design and manufacture of energy-efficient electronic controls for electric motors, announces the election of three new directors to its board. At its annual shareholders meeting held in Waterloo on June 30, 2006 Matt Miller, Sab Ravalli and William Spurr were elected to the board of directors.

Matt Miller is the CEO of Multispectral Imaging in Parsippany, NJ. Dr. Miller brings many years of experience working with semi conductor chips, infrared sensors and instrumentation. He has been an advisor to the venture capital community and has served on a number of public and private company boards of directors as well as investment advisory boards.

Sab Ravalli is the CEO of Prodomax Automation Inc. of Barrie, ON. He has spent many years in industrial automation and has played a significant role in the successful design and implementation of numerous automated robotic systems for the automotive industry.

William Spurr is President of Bombardier Transportation North America. William is an engineer who has held a variety of national and international senior positions in the fields of engineering, project management and international business development. Mr. Spurr sits on a number of private boards of directors.

These three seasoned leaders bring a breadth of business knowledge and practical experience to the strategic direction of Agile Systems and will augment the financial acumen of the existing board members.

Dr. Miller, Sab Ravalli and William Spurr will join the board along with existing directors Ralph Steedman (CEO), Wally Hunter (Chairman) (RBC Capital Partners), Bernardo Llovera (Expansion Capital) and Phil Reddon (Covington Capital).

About Agile Systems

Agile Systems is a global leader in the design and manufacture of energy-efficient electronic controls for electric motors. Agile's compact digital motion-control solutions are used in robotics, semiconductor production and in life science and factory automation equipment. Other vertical markets include HVAC, consumer white goods and automotive industries. Agile Systems is headquartered in Waterloo, Ontario with sales representation around the globe.
